RE: Outside Signage

To Whom It May Concern:

We would just like to say how much we greatly appreciate your service with our outside sign. It has been a huge help with advertising and announcements. The system has been very easy to use. We put our announcements on there a week in advance making it easy. We only have to do it once a week instead of everyday. We also run the advertising daily and that schedule does not interfere with our announcements. We would recommend you company to anyone.

Just a great big "Thank You" from the management staff here at Quality Inn.
