RE: Testimonial Letter

Jarett,

Jerry and I would like to say Thank You to you and your Staff. The purchase of our Message Center is one of the best things we've invested in since we started our Business. I have received numerous positive remarks about the sign. It has definitely increased the amount of traffic we receive now. It has been very easy to program and thanks to your training we have been changing our messages more than three times a week. It gives us such a great opportunity to change things according to the market around us, and the ability to target our customers. We also appreciate all the hard work you and your crew did during some of the hottest days this Summer, you guys stayed and worked well into the evening to make sure everything got done. Jarett we also know how hard you worked in order to get all the financing issues taken care of. I would recommend the purchase of a Message Center to anyone in Business, it will be the best investment you will ever make.

Thank You for everything,

Jerry Crispino
Megan McBride
